Emergency support fund launched

Oracle Tel Aviv HQ illuminated in Israeli flag color

Oracle stands with Israel

Oracle condemns the terrorist attacks against Israel and its citizens. Oracle will provide all support necessary to its employees and to the government of Israel and the country's defense establishment.

Magen David Adom, a nonprofit providing Israeli citizens with emergency medical services, is committed to alleviating human suffering wherever it is found and protecting the health and dignity of all people. Oracle will match our employee contributions—with no limit—to this vital organization. #standwithisrael

\$1 million in cloud credits donated to NGOs

100 % cloud service availability during the crisis (October 7 and beyond)
